

Strategic Community Plan Review 2020-2030

**Comment
on Cockburn**

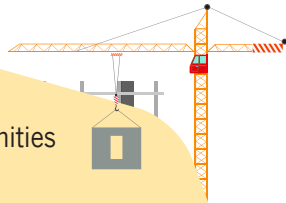

Between August and November 2019, we asked what your 10 year vision and priorities are for our City. We're using this feedback to update our Strategic Community Plan for 2020-2030. Here's a snapshot of what we heard:

City Growth

- Local employment opportunities
- Planning for the future
- Revitalisation of the City's older suburbs

Other important considerations

- Managing population and housing density increase and the need to retain a desirable living environment
- Increasing the number of local employment opportunities, particularly for young people
- Upgrading parks and local infrastructure

Moving around

- Improved public transport options, including better connected and more frequent buses
- Traffic congestion and freight movement
- Road safety

Other important considerations

- Improved parking
- Cycleways
- Footpaths
- Managing the impacts of all the major roadworks

Economic, social and environmental responsibility

- Sustainability, Bushland, wetland and coastal natural area protection
- Open spaces and parks accessible to everyone

Other important considerations

- Increasing the urban tree canopy
- Climate change

Leading and listening

- Governance
- Community engagement
- Customer service

Other important considerations

- Financial sustainability
- Asset management

Workshops

Listening Posts

Face to face meetings

Email submissions and Surveys

Community, lifestyle and security

- Security and community safety
- Accessible and inclusive community services
- Recreation and leisure
- Health Services

Other important considerations

- Cultural heritage

Our Vision

**Cockburn
the best place to be**

What this means to you

- Positive responses
- Living in the City
- Being centrally located
- Being close to family
- An active lifestyle
- Being part of a connected community

**Thanks for helping to shape
our City's 10 year vision!**
